DISCUSSION ITEMS

1. Review and Discussion of the Initial Draft of the Racial, Social, and Environmental Justice Element.

Jennifer Armer, Senior Planner, presented the staff report.

Open and Closed Public Comment.

Committee further discussed the matter and provided the following comments and direction:

- Agreement with all comments provided in writing in Addendum and Desk Item reports.
- The intent and tone in the introduction is that we should make this a hospitable place for the people currently living in Town, but should be considering others who might like to live here in the future too.
- Should be a welcoming attitude to all people who live, visit, and work in the Town.
- Our goal should be to increase diversity and affordable housing is one of the biggest hurdles to this.
- Introduction should start with first sentence of third paragraph, then move on to other paragraphs.
- Would like to have some way to measure how successful we have been with this Element.
- Introduction should be a strong statement that we desire change.
- We don't know how much change we can make to the diversity of Town, but we need to try.
- Delete bottom paragraph of the blue box on the first page, and consider putting some information about how our statistics relate to the County and State.
- Should have a specific goal or policies for the police department, and may be appropriate under Section 2.1, or referencing policies elsewhere in the General Plan.
- The Town should have a committee or commission focusing on the issue of racial and social justice.
- Should add religious/political beliefs to expand the meaning of diversity.
- Make this a welcoming Town as a near-term goal, and increase diversity as a long-term goal.
- Add goal or policy to make Los Gatos a welcoming place by making it bias-free.
- Workforce development and diversity, including Town employees.
- Diversity and bias training should be for residents (expand Policy RSEJ-2.6).
- Change Goal 3 to talk about what Environmental Justice is.
- Policy 4.2 – Written comments had consensus that this policy should be rewritten since it is hard to say what businesses will have healthy or unhealthy foods.
- Consider rewording policy about schools.
- Policy 4.3 – Clarify. Add the word “and” after “neighborhoods.”
- Policy 4.4 – What does equitable investment in capital improvements mean – and how might it be implemented. Add “and distribution.”
- Take infrastructure investments out of 4.1 to reduce overlap with Policy 4.4.

- Policy 6.2 – “diverse populations” rather than “youth and adults.”
- Should reach out directly to people who have participated in the recent community meetings on this topic.
- Expand Implementation Program C to include residents.
- Explore more translation services.
- Implementation Program G – Is this something that we already do? Or is it complaint based? Consensus was in support of this Implementation Program, or something similar without dictating specifics.

Chair Hanssen thanked the Mayor and Vice Mayor for the time and guidance that they have provided in this process.

The next GPAC meeting will be on Thursday, December 17, 2020.
